## **TRAINING DESIGN NOTES**

- These are examples of short courses in workshop or work place sessions
- They can be linked to Current Competency Levels (AQF or elsewhere)
- They can be bundled to create a wider training program
- Cost is established on the custom design of the program
- Equivalent Levels refers to the Australian AQF Level
- Course hours are indicative only and on the understanding that available time is limited or may need to be more extensive for a Professional Development Program
- Courses are designed for industry workers, supervisors and management - These are not accredited at this stage.
- Course notes for both teachers and students form part of the training design
- Courses delivered by qualified (Aust.) holders of Certificates and Diplomas in Training and Assessment and applicable industry qualifications.
